

The Encevo Group successfully renews its ESR certification

The Encevo Group is proud to announce the successful recertification of its most significant CSR label, INDR's ESR label. The ESR – RESPONSIBLE BUSINESS label is a mark of distinction that recognises Encevo's contribution to sustainable development and affirms the creation of shared value.

The Encevo Group consistently tracks and reports its progress on the ESR / INDR and Ecovadis platforms, as well as in its annual report. Since obtaining this certification, the group has consistently demonstrated ongoing progress in improving its ESR maturity, reaching 84% score in 2024.

"The ESR recertification recognises the dedication and hard work of the Encevo Group towards Corporate Social Responsibility. This recognition aligns with our commitment to integrating CSR into every aspect of our business as we strive to be the leading partner for the sustainable energy transition in Luxembourg and the Greater Region.", emphasises Claude Seywert, CEO Encevo SA.

The Encevo Group achieved the certification for the following fully consolidated entities in Luxembourg:

- Encevo S.A.
- Creos Luxembourg S.A.
- Enovos Luxembourg S.A. (including Leo S.A.)
- LuxEnergie S.A.
- Paul Wagner & Fils S.A.
- Minusines S.A.
- diego S.A. (new electris Luxembourg S.A.– as of 2025)
- Power Panels S.A.
